

Are you ready to hand over a little bit of the Christmas decorating this season?

This year we are hosting a creative workshop where a parent and child can spend time, one on one, to decorate their own (real) Christmas wreath.

We will provide wreaths from our shop (RRP£25) and all the decorations and tools needed to style it.

By the end of the session, you will take away a creative piece you have made together that you get to enjoy for the whole of Christmas. Who knows, by next year you may have just started a new tradition!

Come for a trip to Newburgh Priory, to browse the shop and spend time in the weekend café.
